

## MISSION

To encourage and support families as we protect and nourish adults with cognitive and physical impairments

“The support group meetings have become my lifeline—just knowing that I am not alone in this journey helps me get through these long and difficult nights.”

- Lois U., Caregiver

## **Is Divine Destiny Adult Care (DDAC) important to Johnston County?**

You bet it is!!!

- to the clients who receive care throughout the week
- to their caretakers who go to work knowing that their loved one is in capable hands
- to the staff who are called to care for the needs of DDAC clients

Each DDAC staff member has personal experience providing care to a physically or cognitively impaired individual.

DDAC is the only facility in Johnston County that provides services to cognitive as well as physically impaired adults.

## **Facility and Fees**

At our facility we provide the highest quality care for your loved one.

Our facilities include a private client rest area, state-of-the-art alarm system at all doors to deter potential client wandering, a viewing room, and an open environment that fosters a family atmosphere. We encourage client independence with self-care.

Our staff has over 30 years combined personal and professional experience working with clients with a wide array of medical, behavioral and psychological diagnoses.

Fees start at \$55 a day. Your specific charges are determined by a standard assessment tool, which helps determine the level of care required and takes other variables into consideration.

## **What services does Divine Destiny Adult Care provide?**

The DDAC staff provides individualized, holistic day and health care services in a nurturing environment.

We understand and teach sign language.

DDAC provides respite services that are equal to or greater than what can be offered by family members at home.

A support group is available for family members and friends of DDAC clients.
